

Don't overlook the importance of the motto: A full day's work for a full day's pay.

The Tropic Inter-urban Sentinel

A better country than the San Fernando Valley to live in may have been made, but has not yet been discovered.

If you have the kind of religion that you can feel, others will feel that you have it.

VOL. III

TROPICO, CALIFORNIA, WEDNESDAY, JUNE 25, 1913

No. 19

THE BOARD OF TRUSTEES REFUSE TO REVERSE THEMSELVES

If Building Ordinance is not Valid They Want to Know it.
New Orleans Firm Effected by the Heat or
Something. Water Ordinance Considered

COMPLAINT AGAINST TELEPHONE COS.

Made By Angeles Tract People Who Have Been Trying to Get
Telephone Connections for Over Six Months

The regular meeting of the Board of Trustees was held Thursday evening, all members being present.

W. C. Seal, a property owner on Brand Boulevard near Tropic, appeared in person before the Board and made a verbal protest against the assessment against this property levied for opening Brand Boulevard. Mr. Seal was given a respectable hearing, and was informed that the Board of Trustees at the proper time would take his matter up and give it due consideration; that it was the desire of the Trustees to treat everyone absolutely fair in this matter and, while in some instances, it would be impossible to meet the wishes of every property owner, yet, in so far as justice and fairness would allow, it was the desire of the Board to meet the owners' wishes.

The following notice was received:

Final Notice Before Suit.

State of Louisiana,

County or parish of Orleans,

Final Notice.

The Electric Shop

vs.

City of Tropic, Defendants.

To above named defendant:

First: You will please take notice that the above named parties charge that you are indebted to them in the sum of \$9.27, as for statement rendered.

Second: Although duly demanded, the same has not been paid, nor any part thereof.

Third: Now, therefore, unless you remit to this office, 531 Audubon Bldg., on or before the 23rd day of June, A. D. 1913, at two o'clock, P. M., of said date, for payment of said claim, with interest thereon at the rate of 8% per annum from date of maturity, or make provisions for adjustment, suit will be brought for the total amount with interest, together with the cost and disposal of the account.

Dated at New Orleans, this 13th day of June, 1913.

Pinkerton & Company,

for above Plaintiffs.

This matter is a new proposition to the entire city force, as none of them know anything about the matter or have ever heard of it before. The matter was referred to the City Attorney with instructions to take the matter up with the New Orleans people.

A communication from Mr. N. C. Burch, agent the water problem and the proposed measure regulating the price of water, was received and on motion placed on file.

Each member of the Board was in receipt of a copy of a booklet entitled, "Souvenir of California. Compliments of Al Borak Temple No. 75, Dramatic Order, Knights of Khorassan, of Los Angeles." This is the booklet in which two pages illustrating Tropic scenes were taken by the Board about three months back.

The resolution regulating traffic on Tropic Avenue was read the second time.

A resolution closing an alley on Boynton Street as per resolution published in this issue of the Sentinel was passed.

C. W. Kinnam of Glendale appeared as attorney for Mrs. Valerie Kopp, in reference to moving a California house onto some lots on Tropic Avenue just east of Brand Boulevard. Mr. Kinnam made a strong appeal for the Board to rescind its former action denying a permit for the removal of the building; but the Board was unanimous in its former opinion, and refused to take any further action than had already been taken. Mr. Kinnam stated that it was probable that his client would appeal to the courts, and he was informed that the Board felt that they were justly within the bounds of the ordinance covering this matter, and that if the ordinance was wrong or illegal they, themselves, would be glad to know it. While the matter was under discussion, the health officer made the statement that a short time back he had occasion to examine this building and premises from

which it is now desired to move the building, and that he had given summary orders to clean the building and premises up at once, as at that time it was in the most unsanitary condition of any place in Tropic, and that until the building had been put in a sanitary condition that he would most emphatically protest against it being moved.

The ordinance regulating the water company for the ensuing year was read and laid over for the second reading. The City Clerk was instructed to deliver a copy of the proposed water ordinance immediately to the Glendale Consolidated Water Co., or its authorized agent, and to notify them that if they have any objections to same, or desired to be heard before adoption of this ordinance, to present the same to the Board of Trustees on or before June 26th. This ordinance is practically the same as the old ordinance which expired the first of the month.

The City Clerk stated that unknown parties were in the habit of using the phones in the City Hall for long distance calls, and the charges for same were running from 50 cents to \$1.00 a month. He was instructed to take the matter up with the telephone companies and see if the imposition could not be stopped.

The City Clerk was instructed to write to the Light and Power Company and to call their attention to the agreement made at the time the light franchise was granted, wherein the Light Company agreed to meet the minimum charge of Glendale any time, and that Glendale's minimum charge was now 75 cents, and 8 cents a kilowatt, while the company was charging a minimum of \$1.00 a month.

The Superintendent of Streets, J. L. Fishback, was instructed to procure an estimate on the cost of having unpaved streets sprinkled with oil so as to keep down the dust nuisance.

Complaint having been made by residents of Angelus tract to the effect that they had been unable to secure telephone connection, notwithstanding the fact that they had endeavored for six months to do so. The City Clerk was instructed to write the telephone company and to inform them that they would be given thirty days to make such connection, or to show cause why such connection could not be made, and that if they failed to comply with these instructions that the Board would file complaint with the Railway Commission for this inadequate service.

Later: The Light and Power Company has notified the City Clerk that in accordance with the provisions of their franchise they would in the future meet Glendale's charge of 75 cents a month.

THERE IS PEACE IN MEXICO.

Special to the Sentinel: The garbanzo or chick pea crops of the Mayo and Fuerte river valleys will be a total loss this season on account of conditions. This will not be less than a two million peso loss.

Supplies of every kind are getting short in Guaymas, and great suffering will result among the poorer classes unless conditions change shortly. Potatoes are 40 cents a kilo, canteloupe 40 cents a kilo, watermelons 75 cents and \$1.00 each, meat 90 cents a kilo. There is no flour in the city, and no bread for sale in the market at all today. On account of the scarcity of hay, many people are selling their milk cows to the butchers.

On the 29th of May H. H. Haas arrived in Guaymas from Nogales, from where he had come on a motor car. Mr. Haas is route agent for Wells Fargo & Company. He was held prisoner for a day by the Federals, and for a while it seemed that they were not going to allow him to proceed, but finally under guard he was brought here and given his liberty with the understanding that he would return at any time that Governor Garcia might ask for him.

On the field where the battle of Santa Rosa was fought May 7th, 8th and 9th, Mr. Haas says the bodies of men and horses are strewn everywhere, oil having been poured on the clothes of the men and then fired, and that part of the clothing is burned and the flesh seared in spots. The stench is terrible, and reaches for miles. The sight is certainly not one to be remembered with pleasure.

Mr. and Mrs. Glen Craig of Burbank spent Sunday visiting friends and relatives here.

SUNDAY'S BALL GAME

Was the Best Game So Far
Played. Movement Started
to Organize San
Fernando League

Sunday's game was won by Tropic, five to one. This put Tropic in the lead, it having won two games out of three played. Sunday's game was the best game so far played, and the Tropic boys only had one error marked up against them. The boys are beginning to show what they can do. From beginning to end the game was fast and there was a marked absence of arguments, rag-chewing and back-talking that so much mar the game from the spectator's standpoint. The only delay in the game was caused by Fred Spear being hit by a ball which laid him out for a few minutes, but he soon proved the kind of stuff he is made out of by getting up and playing the game as if nothing had happened.

The Tropic boys got every fly, stopped every grounder, and, with the exception of one wild throw, the game put up by the boys was perfect from a baseball standpoint. All the boys played a good game, and it is hard to tell who played the best, if there was any best. Gabaig and Daniels take the honors for stealing bases and for making four of the runs Sunday. Vaulet, Faulkner and Daniels, field men, did real nice work in not letting a single ball get by them. Sisney did some good pitching for a boy his age, fanning out nine men, while only four of the Tropic men were fanned out by the Pasadena pitcher. Rich held down first with all the formality his position called for, and Gabaig, although short, proved that he was plenty large enough to scoop in all the balls that came his way.

Sunday's game gave the Tropic baseball club and the fans new encouragement, and leads them to believe that Tropic will soon have a team that can cross bats with any amateur bunch in the country. Each game played shows a marked improvement, and the boys are not only learning to play individually a better game, but are learning team work, and this is what wins a game.

The score:

SCORE BY INNINGS

Tropic	2	2	1	0	0	0	0	5
Pas.	0	0	1	0	0	0	0	1

SUMMARY

Sacrifice hits—Faulkner and Rhodes. Stolen bases—Gabaig, 3; Daniels, 3; Markwith, 2; Terrazone, 2; Wolfe, 1. Double play—Gabaig to Markwith. Bases on balls—Off Fee, 11; off Sisney, 2. Struck out—By Fee, 4; by Sisney, 9. Time of game—1 hour 55 minutes. Umpires—Moniot and Van Meter.

Next Sunday the Tropic boys will play the Berlin Dye Works. The Tropic boys are on the look-out for an official scorekeeper and a couple of good coaches to take them in hand for a short time and teach them some of the massives of the game.

There is a movement on foot to organize a San Fernando Valley League, including Casa Verdugo, Lankershim, Burbank, Van Nuys, San Fernando and Owensmouth. It is believed by the advocates of this league that a much stronger league could be built up in the valley, and the valley teams playing each other, than by having teams come in from the outside as is at present the case. Such a movement would attract ball enthusiasts from one town to another and bring about a better and more neighborly feeling among the valley towns. It is a

present idea to have the league in working order about the first of August and to have at least weekly games during August, September and October.

We clip the following extracts from the Los Angeles Monthly, a small paper edited and published by a boy in Los Angeles. It goes to show that we are not the only ones that take a hand in the game.

"Tropic is showing some speed in the baseball line since they got a start two weeks ago. Go to it, Tropic, you're good for first!"

"Come on out, boys, and root for Tropic next Sunday. Help the good work along!"

WATER TO FURNISH THE HEAT OF THE FUTURE.

According to the press reports a Philadelphia man by the name of Henry Clay Wade has invented a process by which he can burn a combination of oil and water at a cost of \$1 and produce as much heat as a ton of the best anthracite coal, which in Pennsylvania sells at \$6.75 to \$7 per ton.

It is reported that combustion experts both of this country and Europe have examined the device and that they are astonished at the results obtained.

Mr. Wade's device consists of a three-compartment tank. At one end of the tank is stored oil, in the middle compartment is an equal amount of water and at the other end is a compartment for the storage of gas. A hand pump or compressor is used to supply a pressure of five pounds in the tank. This raises the water and oil to the burner, which is elevated above the center of the tank. At the bottom of the burner is a small cup containing alcohol which should be ignited to superheat the device. Afterwards, when gas is stored in the tank, the burner may be lighted by gas in place of alcohol. At the top of the burner the water circulates in a conduit around the flame making a complete circuit, when it becomes superheated steam and then passing through an incandescent gauze is decomposed into its elementary gases, "H₂O."

Through another upright pipe oil rises to a second conduit where it is mixed with the hydrogen and oxygen and in the presence of the flames' heat becomes gasified. The gas is then carried to an expansion chamber, where it is further expanded and then driven into a retort and baked to a fixed gas. By the addition of the carbon obtained from the oil the gas is so changed that it will not return to water and is free from the danger of explosion.

An Important Meeting

The Tuesday Afternoon Club met Tuesday at the home of Mrs. John Robert White, corner of Orange and First streets, Glendale. This was the most important meeting of the year and the attendance showed the interest manifested, inasmuch as with a few exceptions every member was present. The meeting was held in the beautiful gardens of the White home, which was additionally decorated for the occasion. As each member arrived she was presented with a flower by several little girls. Members were welcomed by the hostess, Mrs. C. E. Hutchinson and Miss Helen Campbell. In the receiving line were Mrs. R. E. Chase, the outgoing president, and her board, and the new president, Mrs. Mattison B. Jones, and her board.

Ice tea and wafers were served to the guests from small tables on the lawn by Mrs. H. E. Bartlett and Mrs. Chas. Evans, assisted by two young ladies. The guests then were served with ice cream and cake under the pergola by Mrs. P. S. McNutt and Mrs. C. S. Bott, assisted by several young ladies.

The Union High School Orchestra, under the able directorship of Mrs. Dora L. Gibson, rendered several selections, which were loudly applauded and appreciated.

Mrs. R. E. Chase, retiring president, delivered an able address, giving in detail the work carried on the past year and dwelling upon the possible future of the Tuesday Afternoon Club under the able management of the incoming president. Mrs. Chase finished her highly enjoyable discourse by removing all signs of debt through the medium of burning the mortgage. While this ceremony was being conducted Mrs. Wm. Herman West started the song "Home, Sweet Home," which was immediately taken up by the orchestra and finally all present joined in the words.

ANOTHER BIG MASS MEETING TO BE HELD TUESDAY JULY 1

Every Voter Strongly Urged to Be Present. The School
Bond Election Most Important Question Before the Community. Come Out.

A REVIEW OF THE PREVIOUS MEETINGS

Not the Time for a Penny Wise and Pound Foolish Policy, Nor the
Airing of Personal Grouches. Do Your Duty.

The citizens committee, consisting of thirty-two representative citizens of the Glendale Union high school district, and the school trustees of that district have called a mass meeting to be held in the auditorium of the Glendale high school next Tuesday evening, June 17th, the recommendation of the citizens committee and the school trustees was adopted. In a word, that recommendation was to call a bond election to issue \$100,000 in bonds, the money derived therefrom to be used to purchase twelve lots on the west side of Maryland avenue between Fifth and Sixth streets to be used for school purposes, these to cost about \$25,000 net, and to erect two buildings on the high school grounds, the cost of these to aggregate about \$75,000.

In adopting this recommendation those attending the mass meeting realized that they were doing the only thing possible to relieve the crowded condition of the high school, which, during the past school year, has been growing worse and worse with each succeeding week. Several years ago the Glendale Union high school building was erected to accommodate 300 students. It was then considered that 300 scholars would fill the building to its capacity, and to crowd in even a dozen pupils additional to this number would mean that those already in the school would have to work at some little disadvantage. The present crowded condition of the school may be realized when it is considered, that at this time the enrollment is 360. At the beginning of the term that is just closing there had to be a general rearrangement of the rooms. Partitions had to be cut in half to make room for the growing numbers in other classes. Principal Moyses and Vice-principal Howe did a lot of overtime brainwork and scheming in order that they might

make the present building last until the end of this term.

The proposition is, further, to obtain in addition to the lots to be purchased, a land now occupied by Maryland avenue between Fifth and Sixth streets. The trustees of Glendale have already been interviewed and the board is unanimously in favor of closing this section of Maryland avenue and donating it for high school purposes. If this plan works out the high school will get sixteen valuable lots at the price of twelve, or about \$1500 per lot, which price is far below the market for that section. The total cost of the twelve lots and houses thereon will be \$29,000, but it is estimated that the salvage from the sale of the buildings will be at least \$4000, leaving the net price for the property, \$25,000.

The trustees and the committee wish it strictly understood that if these bonds are voted the money will be used entirely for educational purposes, and that none of it will be used for athletic or other outside departments, notwithstanding the fact that Glendale high's athletic field is exceedingly poor in comparison to those of other schools. Aside from the \$25,000 with which additional land is purchased all of the remainder of the money will be put in the erection of two new buildings and their equipment.

The present plan is as follows: Just as soon as the bonds are voted and the land is purchased Maryland avenue will be torn up and placed on a level with the surrounding property. The next move will be to erect one of the two buildings facing on Fifth street on the northwest corner of the entire school grounds, or in other words, west of the present building, this new structure to front on a line with the one now standing. In this building the household art, commercial and drawing departments will be assembled. This structure will be

Contributions from readers are always welcome and very much appreciated.

Gee, I wish some of you people who think its one continued round of joy to "run a paper" would come in and try your hand and let me go down to the beach.

Forget this Japanese foolishness and try to decide upon the best kind of bait.

It is one of the hopeful facts in America today that people are being trained away from stimulants; sunshine is the chief influence.

The girl who is pretty as a picture should never allow herself to get in an ugly frame of mind.

Don't argue with a critic, he can think of more means than you can.

The P. E. report all records broken last Sunday, the warmest day of the season and the official opening of the beaches. Don't blame the people for going to the rolling deep. Felt that way myself.

I have never been afraid of the word "free." I have never been afraid of freedom of thought, freedom of religion, of freedom of medicine, or of freedom of trade.

Hurrah for the glorious fourth! Let's have a good time and celebrate, but let us not forget due caution to self and children.

When the flying machine that is able to travel in air, water or on the ground is completed and perfected, will our thoughtless lexicographers then anchor it to the earth with a name like "hydro-aero-terreo-plane?"

Any unmarried person will testify, however, that international marriages do not necessarily promote the amity of nations. In fact, they are likely to aggravate differences if the young people live near the old folks.

Uncle Sam's fortification of Manila Bay and Corregidor Island are to be the finest in the world, it is claimed, and will be practically impregnable when completed. And, with the Panama Canal, they will be practically probably this year. Anybody desiring to "pick a fuss" should do so before winter.

Well, have you worked up enough enthusiasm over the big auto race from Los Angeles to San Francisco on the Fourth to stay up until one or two o'clock in the morning to see them go by. It will be a big race and there are several parties talking about forming "watch parties" on that night.

The Highland Park Herald has taken up the cudgels in behalf of the politico-medicos—those good doctors who, recognizing their own incompetency, seek to bolster their kind up with false courage gained by declaring themselves the friends of the dear people, but all the time working to have laws enacted which will compel the dear people to contribute to their financial welfare. There is a certain homage paid to those who throw themselves into a breach of a losing cause, but their judgment is questioned. Better stay on the subject of State Highway through the Antelope Valley, Bro. Randall. You know more about it.

Macaulay made the observation, years ago, that the minds of all mankind are so constituted as to fall naturally into two roughly equal groups—those who cling to the past, distrust change, and those who instinctively challenge precedent. This change of division is now going on in the economic

cal and political world and is especially pronounced in the United States, but out of this chaotic condition will come a higher and better civilization. Do not be discouraged, and let every man do his part to bring this desired end about.

Don't forget to investigate the school matter for yourself. It's a matter that is of vital importance. Refuse to accept your neighbor's opinion in this. He may be and no doubt is honest in his position, but if you should look into it yourself you may look at it entirely different from what he does. Attend the meetings and see what you think about the advisability of issuing bonds when you have the full facts before you. Don't neglect a matter that is of the importance that this is. Be a real man. Inform yourself, then VOTE.

Some people see nothing but the dirt, the filth, the ugly and the unlovable, others see the flowers, the grandeur and the gloriousness on every hand. Likewise, some people never see the good in their fellow man. They are always looking for faults, for failings and shortcomings—looking for that which is unlovable and unloving; others try to see the good, the true and the pure in their fellow man. These are always ready to lend a helping hand, to throw the veil of charity over any little slip and to cheer and comfort with word and smile. These are those whose lights are not hid in a bushel but set on a hillside.

There is a tendency in some quarters to give credence to the old cry that the policies of the present administration is causing a financial stringency. This is the same old howl that has been going up from the time from whence the memory of man runneth not to the contrary. Every effort to better mankind, every honest attempt to improve the condition of the great mass of men and women has been met with the same cry from the same class. This cry can effect conditions no more than you allow it to. Don't talk hard times, nor allow anyone else to talk it to you. There is absolutely no cause for "hard times." The country as a whole was never on a sounder basis. Its true change will be effected by the tariff and that change will be for the better unless powerful interests pervert the objects and bring about an unnatural condition. Those people who are trying to bring about abnormal conditions and charge same to the present administration are playing with dynamite. The people have learned that panics are made, or at least have been made in the past, by those who profit from them, and just as sure as the sun shines if the Wilson administration proves a failure a wave of Socialism will sweep over the country that will engulf the whole civic fabric in its maelstrom. For my part I prefer Wilson Democracy to I. W. W. Socialism.

THE INEVITABLE.

The era of co-operation is at hand. Nothing else will save mankind from the selfishness, immorality and the extent of misery it suffers from. Nothing else will prevent a repetition of the decline and fall of nations, of which history is full. Let us blindly close our eyes to the facts as we will, it is nevertheless true that only by the sort of equal opportunity and equality and social and business education and making over which co-operation affords can the foundation be laid for an understanding of practical equality and the possibility of democracy in all the joint affairs of human life. The co-operative system is not created but built up. It is economical and it increases production, because each is distinctly interested. It makes equality of incomes and living conditions in proportion to the industry and intelligence of each in doing his trading under equal conditions.

Trusts, syndicates and combines have set the example of the efficiency and economy of co-operation, but have selfishly converted to their own use all its benefits. Competition can no longer be considered the life of trade. On the contrary, co-operation is not only the life of trade, but it is the very life of national existence itself, but it must be unselfish, equitable co-operation. Are the people ready to assume their proportionate responsibility of this great making over of our economic system and national life, or must we have another century of concentration of wealth in the hands of a few, unless perchance a greater calamity shall sooner overtake us?

TROPICO HONORED.

Los Angeles, Cal., June 18.

Editor Tropico Sentinel:

I have thought it might be of interest to your readers to know that Miss Litta Belle Hibben, one of your residents, has just been graduated from the College of Law, University of Southern California, with the degree of LL. B.

Miss Hibben has made an exceptional record while a student in the College of Law. She received the Alumni medal for excellence in scholarship this year, being the first woman in the history of the College of Law to have received this high honor. This medal is presented annually to that student who has maintained the highest average in scholarship for the three years' course.

Miss Hibben was President of the Legal Lights, an organization of the women law students. This is considered quite an honor, as the society is rather unique for a college of law. The President is elected by the members of the society.

Miss Hibben was also a member of the Phi Delta Delta Legal Sorority, the first legal sorority ever organized in the United States.

Very truly yours,
Frank M. Porter,
Dean.

TO CLEAN THE BATH TUB OR SINK

Keep a small bottle of coal oil, kerosene, near the bath tub, and a flannel cloth. Soak the cloth in the oil and rub the tub. This will remove the ring or "soil" much more quickly than it can be done with soap and water. Always keep this cloth on the pipe handy and see that each member of the family uses it and not the wash rag when the bath tub is washed out.

Let Us Serve You

at this store. You get real, real value plus satisfaction, service and quality. It's our economical management, low expenses and careful attention to details of running our business that allows us to give these real values and prices.

Regal Underslung Touring Car

Several issues have been used in the endeavor to show possible owners of a Regal the salient features of the underslung advantages. Let us tell you now about the

Motor

The motor is of the new four cycle, four cylinder, water cooled type with cylinders cast en bloc. The piston stroke, 4 1/2 inches, as compared with the cylinder bore, 3 3/4 inches, places this motor in the "long stroke" class. The valve sizes and gas passages have been carefully proportioned to the cylinder displacement so as to get maximum power and efficiency. The working parts are of such size and proportion and their lubrication so well insured that the motor is capable of continuous hard service without strain or undue wear.

Send for a Printype Letter

What's all this stir about Printype? The best answer is a Printype Letter—yours on request.

Comparison between Printype and the usual "outline" typewriter type faces will tell it all at a glance.

If beautiful book printing appeals to you—If you like the type of THE SATURDAY EVENING POST—you will be won by Printype.

For PRINTYPE is regular book type adapted to the typewriter. A bold, clear type that gives distinction to business correspondence.

Printype—OLIVER
Typewriter

The Standard Visible Writer
PRINTYPE IS OWNED AND CONTROLLED EXCLUSIVELY BY THE OLIVER TYPEWRITER COMPANY
The artistic quality and attention-value of Printype are important considerations. But the supreme advantage is readability. Printype is restful to the eyes.
The shaded letters and numerals conform to the Law of Optics.
It cost thousands of dollars to produce Printype. It's yours—without extra charge—on the No. 5 Oliver Typewriter. Ask for a Printype Letter. If interested in the 17-Cents-a-Pay Purchase Plan, write for details.

HAPPENINGS

What a glorious country this is. Beautiful scenery, magnificent climate, big-hearted men, kind and loving women. We who dwell in this beautiful valley have much to be thankful for.

Last week's Sentinel stated that Miss Litta Belle Hibben, who recently graduated from the law department of the University of Southern California won the third prize out of a class of 51. This should have been the first or alumni medal. The reporter writing the article should have remembered that Tropico and Tropicans are always first in everything.

Mrs. Carolyn Jones Cogswell and brother Albert Jones are visiting Miss Susie A. Smith. Mr. and Mrs. Cogswell are from the old granite state at the home of Daniel Webster, and it is there they met Miss Smith over fifty years ago. Miss Smith was the school teacher of a school on the Soucook River, at Gilmanton, N. H., where Mrs. Cogswell and her brother first started to school, and when they left there over fifty years ago they never thought of ever meeting again.

Mr. H. C. Goodrich of Salt Lake City is visiting his brother H. B. Goodrich of 540 Central avenue. Mr. Goodrich is accompanied by his wife, son and daughter, and expects to spend a couple of weeks in the city.

Mr. and Mrs. H. B. Goodrich spent last week at Long Beach.

Alhambra is going to celebrate her tenth anniversary by having a big "blow out." Steps have already been taken to make the event which will occur July 12 a success.

The Friday Morning Club of Los Angeles, said to be the largest woman's club in the world, will shortly establish a club for home for working girls. It is announced that every effort will be made to make this club house a real home for working girls dependent upon themselves. The girls will be allowed to receive company and to have recreations and in so far as possible an endeavor will be made to furnish the inmates of the home every advantage which will tend to promote their material and spiritual welfare. The idea is attracting considerable attention throughout the entire country.

Last Friday evening the Home Telephone girls of the Glendale exchange, gave a delightful ball at the K. P. hall, Glendale. The ball was under the leadership of Miss Lura Crouch, chief operator, and proved to be a big success. A pleasant feature of the affair was the distinctiveness of the programs, which were all hand painted and mostly as a keepsake. Music was furnished through the kindness of Dr. Archer, who secured musicians from the school of osteopathy of Los Angeles.

H. L. Adams and wife and C. L. Laird and wife, with an auto load of camping, fishing and hunting paraphernalia, left this week for a month's outing at Loyd Meadows, in Tulare county. They motor to Mountain Springs and then pack up the trail to Loyd Meadows. The place chosen abounds in trout fishing, deer and bear. The brave hunters will undoubtedly bring back many pelts to substantiate their claims.

In the case of People vs. Mangier et al., tried before Judge Melrose last week in Glendale, the jury returned a verdict of acquittal, exonerating the doctor and his associates from all blame.

The physician's verdict is, that W. E. Anderson of the Tropico garage will not lose the sight of his eye, as was at first feared. While working under an auto last Saturday he had the misfortune to let a drill slip, striking him in the face and badly lacerating the eye. Quick attention was administered with the result that except with a few minor bruises and a pretty sore eye for awhile, no direct results will follow.

George A. Pfaff, one of the proprietors of the Society Shop, Glendale, arrives the last of this week from a four-months' business trip in Europe. Mr. Pfaff, who had left the starting of the Society Shop to his partner, Mr. Wollbach, with his family, will in all probability make Glendale his future home.

Without question the proudest man in Tropico these days is Mr. Claire T. Van Etten of 231 El Bonito. The pride comes not from having won an important lawsuit, not from winning the praise of his fellowmen, but is due wholly to the fact William Trumbo arrived on the night of the 20th to live with he and Mrs. Van Etten. Anyone wishing to buy fancy chickens can obtain some bargain prices from Van at this time. Chickens are no longer interesting to him.

Dr. W. C. Mabry, the popular health officer, was quite busy for a time last Saturday night. In the first place, since the 13th, the

doctor has been shaking hands and slapping his friends in a manner very much different from his usual dignified manner and all because the stork called on Mrs. Dr. Mabry, June 13, and left what the doctor says is the finest seven and three-quarter pound baby girl ever left in California. Just about the time the doctor began to get his pulse beats down to normal he had two rush calls to East Acacia Saturday night and assisted the stork in locating two nice nine-pound boys, one with Mr. and Mrs. Webb and one with Mr. and Mrs. Turner, both living on the same street within a few blocks of each other.

Mr. and Mrs. W. H. Isgrigg, who recently sold an acre of land and house to Mr. Charles E. Patterson, have moved into their comfortable little five-room modern bungalow at 610 East Acacia. Mr. Patterson expects to engage in the poultry business on an extensive scale. Mr. and Mrs. Isgrigg are justly proud of their new home, which is a most complete and modern home in every way.

Mr. and Mrs. C. O. Pulliam, who are spending the summer in northern states, write from Minnesota that they are having "the time of their lives."

Miss Catherine Wells entertained a party of young ladies at her home, 1504 West Broadway, Glendale, Saturday afternoon. The color scheme was green and white and even the pastry and creams complied with this order.

William Wibeletz was arrested Monday evening on complaint from Los Angeles charging him with a violation of the white slave law. His bond has been fixed at \$3000, which his friends say he will be able to give. Wibeletz is the proprietor of the Tropico Auto Express Company and has lived in Tropico for the last two years, during which time he has made a number of friends, and these refuse to desert him now that he is in trouble, but express themselves as being confident he will be able to prove himself innocent. Miss Fern Punter prosecuting witness. About 2 years ago lived in Tropico and in is reported that a man is now serving time in San Quentin on account of the same charge.

Mr. W. A. Hough of 619 Central avenue left Monday for his ranch at Castaic on a business trip.

Mrs. Joe Ashton and children and Mrs. Frank Ashton will leave in July for their cottage at the beach.

The big auto race from Los Angeles to San Francisco July 4th will pass through Elizabeth Lake and stop for coffee and sandwiches at Chandler's. This has also been designated as one of the checking stations. Chandler's is run by Mr. L. O. Chandler, a former resident of Tropico and is becoming well known for the excellence of its accommodations and is the mecca of an ever increasing number of automobile touring parties who find their way into this beautiful neighborhood.

On June 30, Miss Ruth Whytock of Glendale and Miss Louise Duncan of Tropico will open a private kindergarten school in the Grammar school building, Tropico. These young ladies are well and favorably known and no doubt will make a success of their school.

Mrs. W. H. Hilman and Mrs. Ida expect to leave this week for a ten days' outing at the Sulphur Mountain Springs, in Ventura county.

Much of the mystery surrounding the case of the Casa Verdugo tragedy of last Sunday afternoon, when a woman was found brutally murdered by a party of picnickers, has been cleared away by the authorities and by various clues obtained they will have a definite starting point with results that will in all probability clear up the mystery and bring the guilty one to justice.

ST. MARK'S EPISCOPAL CHURCH

Services for Sunday next at St. Mark's church, corner of Louise and Fifth streets, Glendale, are as follows: Celebration of the Holy Communion at 7:30; Sunday School in the Sunday School room promptly at 9:30; morning prayer, sermon and music by the vested choir at 11 o'clock.

Sunday being a Saints' Day, a second celebration of the Holy Communion will take place at the 11 o'clock service.

Guild Meeting
The Ladies' Guild of St. Mark's church will hold their regular bi-monthly business meeting on Friday afternoon, June 27th, at 2:30 o'clock in the Guild Hall of the church.

Notice
If there are any Episcopalians upon whom Dr. C. T. Mills is not called, please hand names and addresses to the officers of the church or send them to his residence at 1413 S. Broadway, Glendale.

PLANNING A NEW HOME

At the regular meeting of Visor Lodge No. 293 Monday evening the committee appointed to investigate the proposed lodge building submitted a partial report. The committee stated that on investigation they were not favorable to the idea of making an attempt to build a structure for lodge and club purposes only, but they did think a practical plan could be worked out by which the lodge could buy a lot and erect a two-story brick building, the lower portion of which could be rented for business purposes and the upper floor fitted up for lodge and club use.

After a general discussion it was decided to continue the committee with instruction to make further investigation and to submit a detailed plan at an early date. On request of the old committee Mr. Henry Pettitt and W. C. Wattle were added to the same.

The degree team, twenty-one strong, accompanied by a number of the members, will leave Tropico Thursday evening at 7 o'clock for Moneta as guests of American Lodge at that place. The Tropico team will put on the third degree work for Moneta, after which the lodge rooms will be thrown open to visitors and a strawberry feast enjoyed.

Arthur McAdams tendered his resignation as master of exchequer and Harry L. Edwards was elected to fill the unexpired term.

FAITHFUL WORKERS REWARDED.

One of the eventful features of the week, in Tropico, was the breaking ground for a new Methodist Episcopal Church, on the corner of Central and Palmer Avenues. The services, under the auspices of the Ladies Aid Society of the church, were conducted on the grounds, and consisted of prayer by the pastor, Rev. S. A. Carnes, music, addresses and songs by the congregation, after which each member wielded shovel and spade, as an evidence of faith in the ultimate realization of the dreams of several years, that a beautiful new edifice should crown that corner, as a living monument to the glory of God.

It is right and meet that such should be, and the entire city rejoices with them that they now see their way clear to achievement, for they have worked hard and faithfully for it. New buildings are an ornament to a city, and a new church is not only an ornament, but a moulder of character; a developer of the splendid qualities in the youths of our land that make for the higher and better life; so we are always rejoiced to see places of worship erected.

The edifice, according to plans now under consideration, will be a building built of artificial stone with towers at corner and one side where entrances will be had from Central avenue into main auditorium, 49x65 feet, with a seating capacity for 240. Pews will be arranged in semi-circle to pulpit in corner. In back the Sunday school rooms will be situated with sliding doors in case of crowded houses, when room for 220 more people will be available. A basement under the Sunday School room will contain kitchen and dining room.

On the evening of the same day of these services, the Ladies of the church held their monthly social at the home of the pastor and his wife, Rev. and Mrs. Carnes, which was one of unusual enjoyment, for the many who were present. The rooms of the parsonage were artistically decorated with green and white, by the deft fingers of Mrs. Carnes and Miss Phillips.

A very entertaining program of music, readings, and short talks were presented, after which cake and ice cream were served from a flower-laden table, over which a beautiful scheme of decoration had been evolved, making a scene beautiful to the eye. The Ladies Aid of the M. E. Church are to be congratulated on the work they have accomplished; the money they have worked for, for the good of humanity, and their aim at all times for a higher life.

An Important Meeting

Continued from page 1

which mean so much to these gallant women.

Mrs. Mattison B. Jones, president-elect, gave a very interesting talk which was in part:

Ladies of the Tuesday Afternoon Club: As I accept the gavel from the hands of our honored past president, I realize it means many things. Among others it means laying down the little Indian rattle with which for the past year I have called the music section, the baby section of our order. This baby has become so large and noisy it now demands a step-mother. The acceptance of this gavel, however, does not mean laying aside all the pleasant associations and severing the ties of harmony which we have treasured in the music section, but should mean the extension of those associations and the strengthening of those ties throughout the entire club. For we are not all members of the same family, and is not our club motto, "In Unity Is Strength"? Therefore I crave union and harmony in each and every member, and committee, in order that the year to come may be as successful as the year just past.

I fully realize the honor and power vested in me in the use of this little gavel, and I hereby warn you to hope for the best, prepare for the worst and accept whatever the Lord sends. May He send us wisdom, and make us strong characters, to deal nobly and sincerely with one another in our year's work.

May I quote to you a few lines from Longfellow, from his beautiful poem, "By the Sea." He speaks thus:

May I just change those few lines a little, with apologies to Longfellow:

Ah, if our souls but poise and swing
Like the compass in the brazen ring,
Ever level and ever true
To the toil, not the task we have to do,
We shall sail secure and safely reach
The fortunate isles on whose shining beach
Stands our Club House home.

For one and each, and the sights we shall see,
And the sounds we shall hear
Will be those of joy and not of fear.

So here's to the members we class as new, and here's to the members we class as old. May the new grow to us—old. May the old ne'er grow to us new.

The secretary's report showed a total of seventy new members for the past year, making in all some 180 members. This report brings the club up to a standard hard to beat and shows the untiring efforts of a band of ladies who are of such credit to this locality that sufficient praise would be impossible.

Report of Music Section
Meeting at regular place, residence of Mrs. Matt. B. Jones, Orange street. Business meeting was brief and plans for study laid for the next year. Then Victrola records were enjoyed and a paper read by Mrs. Wm. Herman West, on singing in the phonograph.

SCHOOL BOND ELECTION NOTICE

Notice is hereby given to the qualified electors of Tropico City, School District of the County of Los Angeles, State of California, that in accordance with the provisions of the Political Code of the State of California, an election will be held on the 19th day of July, 1913, at the school house in said district, between the hours of 1:00 p. m. and 5:00 p. m. (during which period and between which hours the polls shall remain open), at which election the question of issuing and selling bonds of said district to the amount of twenty thousand dollars, for the purpose of raising money for purchasing school lots, for building or purchasing one or more school buildings, for insuring the same, for supplying the same with furniture or necessary apparatus, and for improving school grounds will be voted upon.

The said bonds hereunder to be issued and sold, shall be of the denomination of one thousand dollars each, and shall bear interest at the rate of 5% per cent per annum, payable semi-annually, and shall be numbered from 1 to 20 consecutively, payable as follows:

Bond No. 1, one thousand dollars, to run 1 year.
Bond No. 2, one thousand dollars, to run 2 years.
Bond No. 3, one thousand dollars, to run 3 years.
Bond No. 4, one thousand dollars, to run 4 years.
Bond No. 5, one thousand dollars, to run 5 years.
Bond No. 6, one thousand dollars, to run 6 years.
Bond No. 7, one thousand dollars, to run 7 years.
Bond No. 8, one thousand dollars, to run 8 years.
Bond No. 9, one thousand dollars, to run 9 years.
Bond No. 10, one thousand dollars, to run 10 years.
Bond No. 11, one thousand dollars, to run 11 years.
Bond No. 12, one thousand dollars, to run 12 years.
Bond No. 13, one thousand dollars, to run 13 years.
Bond No. 14, one thousand dollars, to run 14 years.
Bond No. 15, one thousand dollars, to run 15 years.
Bond No. 16, one thousand dollars, to run 16 years.
Bond No. 17, one thousand dollars, to run 17 years.
Bond No. 18, one thousand dollars, to run 18 years.
Bond No. 19, one thousand dollars, to run 19 years.

run 19 years.
Bond No. 20, one thousand dollars, to run 20 years.
That Myra Shney will act as Inspector and N. C. Burch and Hattie Peters will act as the Judges of said Election, and conduct the same, said Inspector and Judges being competent and qualified electors of said School District.
In Witness Whereof, we have hereunto set our hands this 19th day of June, 1913.

JAMES RICH,
ABBY P. BARKER,
CLYDE R. CARMACK,
Trustees of said School District, Los Angeles County, California.
In Districts in which the number of children between five and seventeen years of age exceed 500, the polls must be opened at 8 o'clock a. m. and kept open until sundown. In other Districts the polls must not be opened before 9 o'clock a. m. nor kept open less than four hours, nor later than sundown.
June 25-July 24—2t

RESOLUTION NO. 135.

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF TROPICO ORDERING THAT CERTAIN ALLEY EXTENDING WEST FROM BOYNTON STREET TO THE WEST LINE OF THE HEIDE-BOYNTON TRACT, AS PER MAP RECORDED IN BOOK 12, PAGE 80, OF MAPS, RECORDS OF LOS ANGELES COUNTY, CALIFORNIA, BE CLOSED UP, VACATED AND ABANDONED AS CONTAINED BY RESOLUTION OF INTENTION NO. 121.

The Board of Trustees of the City of Tropico do resolve as follows:

SECTION 1. That that certain alley extending West from Boynton Street to the West line of the Heide-Boynton Tract, as per map recorded in Book 12, page 80, of Maps, Records of Los Angeles County, California, be and the same is hereby closed up, vacated and abandoned for street and alley purposes.

SECTION 2. That said work is for the closing up of that certain alley more particularly described in Section 1 hereof, and it appears to said Board of Trustees that there are no damages, costs or expenses arising out of said work, and, therefore, no commissioners are appointed to assess benefits and damages for said work and to have general supervision thereof.

SECTION 3. The City Clerk shall certify to the passage of this Resolution and cause the same to be published once in the Tropico Interurban Sentinel, a weekly newspaper of general circulation, published and circulated in said City of Tropico, and thereupon and thereafter the same shall be in full force and effect.

(Seal.) **C. A. BANCROFT,**
President of the Board of Trustees of the City of Tropico.

Attest:
S. M. STREET,
City Clerk of the City of Tropico.
By **J. L. FISHBACK,** Deputy.
STATE OF CALIFORNIA, CITY OF TROPICO—SS.

I, S. M. STREET, City Clerk of the City of Tropico, do hereby certify that the foregoing Resolution was duly adopted by the Board of Trustees of the City of Tropico, State of California, and signed by the President of said Board, at a regular meeting thereof, held June 3, 1913, by the following vote, to-wit:

Ayes: Bancroft, Conrad, Oliver, Webster.
Noes: None.
Absent: Hobbs.

S. M. STREET,
City Clerk of the City of Tropico.
By **J. L. FISHBACK,** Deputy.

"WESTON"

From

RESOLUTION NO. 134.

A RESOLUTION OF THE BOARD OF TRUSTEES ORDERING CERTAIN STREET WORK TO BE DONE ON CYPRESS STREET AND MOUNTAIN VIEW AVENUE.

The Board of Trustees of the City of Tropico do hereby resolve as follows:

SECTION 1. That the street work herein described is required by the public interest and convenience, and the Board of Trustees of the City of Tropico, State of California, hereby orders the same to be done, according to the specifications and plans adopted for said work, and under the direction and to the satisfaction of the Superintendent of Streets of said City, to-wit:

First—That

CYPRESS STREET

from the easterly line of Glendale Avenue to the southerly prolongation across Cypress Street of the easterly line of Mountain Avenue, including all intersections of streets, be graded, oiled and tamped to the official grade in accordance with plans and profiles on file in the office of the City Engineer and in accordance with Specifications Number 9 for the grading, oiling and tamping of streets in the City of Tropico.

Second—That a cement curb be constructed along each line of the roadway of said Cypress Street, from the easterly line of Glendale Avenue to the southerly prolongation across Cypress Street of the easterly line of Mountain Avenue, including returns at all street and alley intersections, in accordance with Specifications Number 2 for the construction of cement curbs in the City of Tropico.

Third—That a cement sidewalk five feet in width be constructed along each side line of Cypress Street, from the easterly line of Glendale Avenue to the southerly prolongation across Cypress Street of the easterly line of Mountain Avenue, including returns at all street intersections, in accordance with Specifications Number 1 for the construction of cement sidewalks in the City of Tropico.

Fourth—That

MOUNTAIN AVENUE

from the northerly line of Cypress Street to the northerly line of Tract Number 282, as per map recorded in Book 14, pages 118 and 119, of Maps, Records of Los Angeles County, California, including all intersections of streets and alleys, be graded, oiled and tamped to the official grade, in accordance with plans and profiles on file in the office of the City Engineer and in accordance with Specifications Number 9 for the grading, oiling and tamping of streets in the City of Tropico.

Fifth—That a cement curb be constructed along each line of the roadway of said Mountain Avenue, from the northerly line of Cypress Avenue to the northerly line of said tract number 282, including returns at all street and alley intersections, in accordance with Specifications Number 2 for the construction of cement curbs in the City of Tropico.

Sixth—That a cement sidewalk five feet in width be constructed along each side line of said Mountain Avenue, from the northerly line of Cypress Street to the northerly line of Tract Number 282, in accordance with Specifications Number 1 for the construction of cement sidewalks in the City of Tropico.

SECTION 2. The Board of Trustees of the City of Tropico determines that serial bonds shall be issued to represent assessments of twenty-five dollars (\$25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

SECTION 3. The Tropico Interurban Sentinel, a weekly newspaper of general circulation, published and circulated in the City of Tropico, is hereby designated as the newspaper in which this resolution and notice of said work inviting sealed proposals shall be published in the manner and form and by the persons required by law.

SECTION 4. The City Clerk of the City of Tropico is hereby directed to post conspicuously for five days, on or near the chamber door of the Board of Trustees, in the manner and form required by law, a notice, with specifications, inviting sealed proposals or bids for doing said work; and said City Clerk is hereby directed to publish for two days in said newspaper hereby designated as aforesaid, in the manner and in the form required by law, a notice of said work inviting sealed proposals or bids for doing said work, and referring to the specifications posted or on file. Said notice shall require a certified check or bond, either, as prescribed by law, and for an amount not less than ten per cent, of the aggregate of the proposal. Said City Clerk is also hereby directed to publish this resolution for two days in the manner required by law in said newspaper designated for that purpose, as aforesaid.

Approved and adopted this 12th day of June, 1913.

(Seal.) C. A. BANCROFT,
President of the Board of Trustees of the City of Tropico.

NOTICE INVITING STREET WORK PROPOSALS.

Pursuant to Statutes, and to Resolution 134 of the Board of Trustees of the City of Tropico, California, adopted the 19th day of June, 1913, directing this notice, the undersigned invites, and will receive at his office in the City Hall, in the Bank of Tropico Building, located at the junction of Central Avenue and San Fernando Road in the City of Tropico, up to 7:00 o'clock p. m. of Thursday, July 3rd, 1913, sealed proposals or bids for the following street work to be done according to the plans and specifications posted and on file therefor adopted, or herein mentioned, to-wit:

First—That

CYPRESS STREET

from the easterly line of Glendale Avenue to the southerly prolongation across Cypress Street of the easterly line of Mountain Avenue, including all intersections of streets, be graded, oiled and tamped to the official grade in accordance with plans and profiles on file in the office of the City Engineer and in accordance with Specifications Number 9 for the grading, oiling and tamping of streets in the City of Tropico.

Second—That a cement curb be constructed along each line of the roadway of said Cypress Street, from the easterly line of Glendale Avenue to the southerly prolongation across Cypress Street of the easterly line of Mountain Avenue, including returns at all street and alley intersections, in accordance with Specifications Number 2 for the construction of cement curbs in the City of Tropico.

Third—That a cement sidewalk five feet in width be constructed along each side line of Cypress Street, from the easterly line of Glendale Avenue to the southerly prolongation across Cypress Street of the easterly line of Mountain Avenue, including returns at all street intersections, in accordance with Specifications Number 1 for the construction of cement sidewalks in the City of Tropico.

Fourth—That

MOUNTAIN AVENUE

from the northerly line of Cypress Street to the northerly line of Tract Number 282, as per map recorded in Book 14, pages 118 and 119, of Maps, Records of Los Angeles County, California, including all intersections of streets and alleys, be graded, oiled and tamped to the official grade, in accordance with plans and profiles on file in the office of the City Engineer and in accordance with Specifications Number 9 for the grading, oiling and tamping of streets in the City of Tropico.

Fifth—That a cement curb be constructed along each line of the roadway of said Mountain Avenue, from the northerly line of Cypress Avenue to the northerly line of said tract number 282, including returns at all street and alley intersections, in accordance with Specifications Number 2 for the construction of cement curbs in the City of Tropico.

Sixth—That a cement sidewalk five feet in width be constructed along each side line of said Mountain Avenue, from the northerly line of Cypress Street to the northerly line of Tract Number 282, in accordance with Specifications Number 1 for the construction of cement sidewalks in the City of Tropico.

Section 2—All plans and profiles referred to in this resolution are on file in the office of the City Engineer of said City. All specifications referred to in this resolution are on file in the office of the City Clerk of said City. Said plans, profiles and specifications are hereby referred to for more particular description of said work and made a part hereof.

Section 3—The Board of Trustees of the City of Tropico determines that serial bonds shall be issued to represent assessments of twenty-five dollars (\$25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

Bidders must file with each proposal or bid a check payable to the order of the President of the Board of Trustees of the City of Tropico, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or a bond for the said amount, and so payable, signed by the bidder and two sureties who shall justify before any officer competent to administer oaths, for double the said amount, and over and above all statutory exemptions. In bidding, use blanks which will be furnished by the City Clerk upon application.

Tropico, California, June 19th, 1913.

S. M. STREET,
City Clerk and Ex-Officio Clerk of the Board of Trustees of the City of Tropico, California.

By J. L. FISHBACK, Deputy.

NOTICE OF THE FILING OF THE ASSESSMENT FOR THE LAYING OUT, OPENING AND WIDENING OF BRAND BOULEVARD, BETWEEN THE NORTHEASTERLY LINE OF SAN FERNANDO ROAD AND THE SOUTH LINE OF PARK AVENUE, IN THE CITY OF TROPICO, CALIFORNIA, TOGETHER WITH THE DIAGRAM OF THE ASSESSMENT DISTRICT FOR SAID IMPROVEMENT.

NOTICE IS HEREBY GIVEN that the Street Superintendent of the City of Tropico has filed with the Clerk of the Board of Trustees of said City of Tropico, the Assessment for the laying out, opening and widening of Brand Boulevard between the Northeastly line of San Fernando Road and the South line of Park Avenue, in said City of Tropico, as contemplated by Ordinance No. 17 of said City, together with the diagram of the Assessment District.

The date of the first publication of this Notice is June 18th, 1913, and all parties interested are hereby required to file in writing their objections, if

any they have, to the confirmation of said Assessment by the Board of Trustees of said City within thirty (30) days after the said date of the first publication of this Notice, to-wit: On or before July 18th, 1913.

Persons signing objections must give Post Office address:
S. M. STREET,
City Clerk and ex-Officio Clerk of the Board of Trustees of the City of Tropico.

June 18, 25, July 2.

ORDINANCE NO. 59.

AN ORDINANCE OF THE CITY OF TROPICO REGULATING THE USE OF TROPICO AVENUE FROM THE WESTERLY LINE OF GLENDALE AVENUE TO THE EAST LINE OF CENTRAL AVENUE AND CYPRESS STREET FROM THE WESTERLY LINE OF GLENDALE AVENUE TO THE EASTERLY LINE OF SAN FERNANDO ROAD, AND PRESCRIBING A PENALTY FOR ANY VIOLATION THEREOF.

The Board of Trustees of the City of Tropico do ordain as follows:

SECTION 1. That it shall be unlawful for any person to drive any truck, dray, wagon, oil wagon, truck wagon or other vehicle, regularly employed in carrying goods or merchandise, or any wagon or vehicle carrying coal, lumber, brick, rock, sand, hay or building material, within six months next after the passage of this ordinance, along or upon the hereinafter described sections of the following named street, to-wit: Tropico Avenue from the Westery line of Glendale Avenue to the East line of Central Avenue and Cypress Street from the Westery line of Glendale Avenue to the Easterly line of San Fernando Road, provided, however, that this ordinance shall not apply to the use of said sections of said street or avenue by vehicles carrying goods, merchandise or material to or from premises situated on said sections of said street or avenue or adjacent thereto; nor to the use of sprinkling tanks thereon, nor to street intersections on said street or avenue above mentioned.

SECTION 2. Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding \$30.00 or by imprisonment for not more than thirty days, or by both such fine and imprisonment, at the discretion of the court.

SECTION 3. The City Clerk shall certify to the passage and adoption of this ordinance by a vote of at least two-thirds of all the members of the Board of Trustees of the City of Tropico, and its approval by the President of said Board, and shall thereupon cause it to be published once in the Tropico Interurban Sentinel, a weekly newspaper of general circulation, published and circulated in said City of Tropico.

Adopted and approved this 19th day of June, 1913.

(Seal.) C. A. BANCROFT,
President of the Board of Trustees of the City of Tropico.

RESOLUTION NO. 136.

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF TROPICO ORDERING THAT THE EAST 10 FEET OF THAT PORTION OF BLANCHE AVENUE LYING NORTH OF THE SOUTH LINE OF THE AYERS TRACT, AS PER MAP RECORDED IN BOOK 8, PAGE 103, OF MAPS, RECORDS OF LOS ANGELES COUNTY, CALIFORNIA, BE CLOSED UP, VACATED AND ABANDONED AS CONTEMPLATED BY RESOLUTION NUMBER 119.

The Board of Trustees of the City of Tropico do resolve as follows:

SECTION 1. That the East 10 feet of that portion of the Avenue lying North of the South line of the Ayers Tract, as per map recorded in Book 8 page 103, of Maps, Records of Los Angeles County California, be and the same is hereby closed up, vacated and abandoned for street and highway purposes.

SECTION 2. That said work is for the closing up of that certain street more particularly described in Section 1 hereof, and it appears to said Board of Trustees that there are no damages, costs or expenses arising out of said work, and, therefore, no commissioners are appointed to assess benefits and damages for said work and to have general supervision thereof.

SECTION 3. The City Clerk shall certify to the passage of this Resolution and cause the same to be published once in the Tropico Interurban Sentinel, a weekly newspaper of general circulation, published and circulated in said City of Tropico, and thereupon and thereafter the same shall be in full force and effect.

Adopted this 19th day of June, 1913.
